OFFICIAL RESULTS as of TUESDAY, OCTOBER 10, 2017 - Canvass Board Certified
NOTICE OF REGULAR MUNICIPAL ELECTION - OCTOBER 3, 2017

Notice is hereby given that the Regular Municipal Election will be held in the City & Borough of Juneau, Alaska on **Tuesday, October 3, 2017**. Polling places are shown below. Registered voters of the State of Alaska who reside within the City and Borough of Juneau are eligible to vote in this election. Voters should be prepared to display identification at the polling place when voting.

The purpose of the election is:

1. To elect from candidates residing in Election District No. 1, one Assemblymember for a term of three years;

2. To elect from candidates residing in Election District No. 2, one Assemblymember for a term of three years;

3. To elect from candidates residing in the entire City and Borough of Juneau, one Areawide Assemblymember for a term of three years;

4. To elect from candidates residing in the entire City and Borough of Juneau, two members of the Board of Education (School Board) for terms of three years each.

5. To vote on the following two (2) areawide propositions:

**Proposition 1: Authorization to Extend the Temporary 1% Areawide Sales Tax Effective October 1, 2018, for a Period of Five Years**

Juneau currently has a permanent 1% sales tax, a temporary 1% sales tax, and a temporary 3% sales tax. The existing temporary 1% sales tax is automatically repealed on September 30, 2018. The existing temporary 3% sales tax is automatically repealed on July 1, 2022. The total of all CBJ sales taxes currently levied is 5%.

This ballot proposition would continue the current 1% temporary sales tax rate for an additional five years, until September 30, 2023. Accordingly, if this proposition is approved, the total sales tax rate would remain at 5%.
It is the intent of the Assembly that taxes collected under this proposed extension of the temporary 1% areawide sales tax be appropriated by the Assembly for the following purposes:

- Wastewater: infrastructure maintenance and improvements
- CBJ-owned building maintenance
- Water: infrastructure maintenance and improvements
- Airport: matching funds for federally funded projects
- Augustus Brown Pool deferred maintenance
- Centennial Hall upgrades and deferred maintenance
- Schools: major building maintenance
- Bartlett Regional Hospital: Rainforest Recovery Center upgrades
- Information Technology: infrastructure upgrades
- RecycleWorks: waste diversion program
- Affordable Housing Fund
- Park deferred maintenance
- Aurora Harbor reconstruction

**Proposition 1**

Shall the City and Borough of Juneau, Alaska, continue to levy and collect a temporary 1% areawide sales tax on the sale price of retail sales, services, and commercial rentals within the City and Borough for an additional five years, effective October 1, 2018, until September 30, 2023. If this proposition is approved, the total sales tax would remain at five percent.

Extend the 1% sales tax for five years YES

Extend the 1% sales tax for five years NO

**Proposition 2: Charter Amendment**

The CBJ Charter is written as follows:

(a) The assembly by ordinance shall provide for competitive bidding and procedures for competitive bidding.
(b) Contracts for public improvements and, whenever practicable, other purchases of supplies, materials, equipment, and services, shall be by competitive bid and awarded to the lowest qualified bidder. This subsection (b) shall not apply to purchases of:
(1) Professional services,
(2) Services of officers and employees of the municipality acting within the scope of their office or employment,
(3) Services of officers and employees of the State of Alaska or the federal government if such services are provided pursuant to a written agreement with the employer,

(4) Services of students and members of the faculty of an accredited high school, college, or university if such services are provided pursuant to a written agreement with the school, or

(5) Services of members and employees of a nonprofit corporation registered as such with the State of Alaska, if:
   (A) The services are provided pursuant to a written agreement with the corporation, and
   (B) The total amount paid by the municipality divided by the number of hours of service provided by the members and employees of the corporation does not exceed double the minimum hourly wage established by the Alaska Wage and Hour Act.

(6) Public improvements which, upon a written finding by the Manager that it would be in the best interests of the City and Borough based on cost, timing, and other relevant criteria, may be procured by supplemental agreements amending existing capital improvement contracts. The maximum dollar amount, the criteria utilized, and the methodology shall be set by ordinance.

(c) All contracts and purchases exceeding an amount to be established by ordinance shall require prior assembly approval.

Proposition 2

Shall Section 9.14 section (b), item (6) of the Charter of the City and Borough of Juneau, Alaska, be amended as set forth in Ordinance No. 2017-14, to add the following underlined words?

(6) Public improvements which, upon a written finding by the Manager that it would be in the best interests of the City and Borough based on cost, timing, and other relevant criteria, may be procured by supplemental agreements amending existing capital improvement contracts, competitive sealed proposals, or by other alternative procurement methods adopted by the assembly by ordinance. The maximum dollar amount, the criteria utilized, and the methodology shall be set by ordinance.

ORDINANCE OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 2017-22(am)

An Ordinance Providing for the Levy and Collection of a Temporary 1% Areawide Sales Tax on the Sale Price of Retail Sales, Rentals, and Services Performed within the City and Borough of Juneau, to be Effective October 1, 2018, and Providing for a Ballot Question Ratifying the Levy.

WHEREAS, the present 5% areawide sales tax rate in the City and Borough comprises a permanent 1% tax, a temporary 1% tax, and a temporary 3% tax; and

WHEREAS, the 1% temporary component of the sales tax expires on September 30, 2018, unless the voters approve extending the duration of the tax; and

WHEREAS, the Assembly has determined that an extension of the temporary 1% sales tax, to become effective on October 1, 2018, for a period of five years, would provide a stable revenue base for important municipal services and projects; and

WHEREAS, with the extension of the 1% temporary tax, the total sales tax rate in the City and Borough would remain unchanged at 5%.

BE IT ENACTED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. Classification. Section 2 of this ordinance, if approved by a majority of qualified voters voting on the question pursuant to Sections 3 and 4, shall be of a general and permanent nature and shall become a part of the City and Borough code, until it expires under its own terms. Sections 3 and 4 are noncode sections.

Section 2. Amendment of Section. CBJ 69.05.020 Imposition of rate, is amended to read:

69.05.020 Imposition of rate.

(a) There shall be levied and collected a tax equal to the percentage of the selling price on retail sales and rentals made and services performed within the City and Borough as follows:

(1) Within the entire City and Borough – 1%
(2) Within the entire City and Borough – an additional 3%
(3) Effective October 1, 2018, within the entire City and Borough – an additional 1%.
(4) Subsection (a)(3) of this section shall be automatically repealed on September 30, 2023.

...
Section 3. Submission to the Voters. In accordance with Section 9.17, of the Home Rule Charter of the City and Borough of Juneau, the question of whether the extension of the temporary 1% areawide sales tax herein provided shall be levied and collected effective October 1, 2018, for a period of five years, shall be submitted to the qualified voters of the City and Borough at the next regular municipal election. The Municipal Clerk shall prepare the ballot proposition as provided by this ordinance and shall perform all necessary steps in accordance with law to place this proposition before the voters at the next regular municipal election.

Section 4. Proposition. The proposition to be submitted to the voters as required by Section 3 shall read substantially as follows:

Explanation

Juneau currently has a permanent 1% sales tax, a temporary 1% sales tax, and a temporary 3% sales tax. The existing temporary 1% sales tax is automatically repealed on September 30, 2018. The existing temporary 3% sales tax is automatically repealed on July 1, 2022. The total of all CBJ sales taxes currently levied is 5%.

This ballot proposition would continue the current 1% temporary sales tax rate for an additional five years, until September 30, 2023. Accordingly, if this proposition is approved, the total sales tax rate would remain at 5%.

It is the intent of the Assembly that taxes collected under this proposed extension of the temporary 1% areawide sales tax be appropriated by the Assembly for the following purposes:

- Wastewater: infrastructure maintenance and improvements

ORDINANCE OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 2017-14(b)

An Ordinance Proposing an Amendment to the Charter of the City and Borough Relating to Competitive Bidding.

WHEREAS, the City and Borough of Juneau Charter requires that contracts for public improvements, and where practicable, purchases of supplies, materials, equipment, and services be by competitive bid; and

WHEREAS, the Charter language can be interpreted to limit the CBJ's ability to award competitively solicited contracts on anything other than a cost basis; and

WHEREAS, the ability to allow for competitively bid contracts to be awarded based on terms other than pure cost would be of benefit to the public by allowing greater flexibility in project delivery; and

WHEREAS, this type of competitive procurement method is in widespread use by other public entities within the State of Alaska.

NOW, THEREFORE, BE IT ENACTED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. Classification. Section 2 of this ordinance, if approved by the voters pursuant to Section 3, is of a general and permanent nature and shall become a part of the City and Borough of Juneau Home Rule Charter. Sections 3, 4, and 5 of this ordinance are noncode sections.

Section 2. Charter Amendment. The Charter of the City and Borough of Juneau is amended at Section 9.14 Competitive bidding, to read as follows:

(a) The assembly by ordinance shall provide for competitive bidding and procedures for competitive bidding.

(b) Contracts for public improvements and, whenever practicable, other purchases of supplies, materials, equipment, and services, shall be by competitive bid and awarded to the lowest qualified bidder. This subsection (b) shall not apply to purchases of:
(1) Professional services;

(2) Services of officers and employees of the municipality acting within the scope of their office or employment;

(3) Services of officers and employees of the State of Alaska or the federal government if such services are provided pursuant to a written agreement with the employer;

(4) Services of students and members of the faculty of an accredited high school, college, or university if such services are provided pursuant to a written agreement with the school;

(5) Services of members and employees of a nonprofit corporation registered as such with the State of Alaska, if:

   (A) The services are provided pursuant to a written agreement with the corporation; and

   (B) The total amount paid by the municipality divided by the number of hours of service provided by the members and employees of the corporation does not exceed double the minimum hourly wage established by the Alaska Wage and Hour Act.

(6) Public improvements which, upon a written finding by the Manager that it would be in the best interests of the City and Borough based on cost, timing, and other relevant criteria, may be procured by supplemental agreements amending existing capital improvement contracts, competitive sealed proposals, or by other alternative procurement methods adopted by the assembly by ordinance. The maximum dollar amount, the criteria utilized, and the methodology shall be set by ordinance.

(c) All contracts and purchases exceeding an amount to be established by ordinance shall require prior assembly approval.

Section 3. Submission to the Voters. An amendment to Section 9.14 of the Charter of the City and Borough of Juneau, Alaska, shall be submitted to the qualified voters of the City and Borough at the next regular municipal election. The City and Borough Clerk shall prepare the ballot title as provided by this ordinance and shall perform all necessary steps in accordance with law to place this proposition before the voters at the next regular municipal election.

Section 4. Proposition. The proposition to be submitted to the voters as required by Section 3 shall read substantially as follows:
PROPOSITION NO. _________

CHARTER AMENDMENT

Shall Section 9.14 of the Charter of the City and Borough of Juneau, Alaska, be amended as set forth in Ordinance No. 2017-14 to add the following underlined words?

BE IT ENACTED by the City and Borough of Juneau, Alaska, that Section 9.14 Competitive bidding, reading as follows, is adopted as part of the Charter of the City and Borough of Juneau, Alaska:

(a) The assembly by ordinance shall provide for competitive bidding and procedures for competitive bidding.

(b) Contracts for public improvements and, whenever practicable, other purchases of supplies, materials, equipment, and services, shall be by competitive bid and awarded to the lowest qualified bidder. This subsection (b) shall not apply to purchases of:

1. Professional services;

Proposition 1: Extend Temporary 1% Sales Tax

Proposition 2: Charter Amendment – Alternative Procurement Methods
Candidate Election

The October 3, 2017, Municipal Election offers voters the opportunity to select candidates for the City and Borough of Juneau Assembly and for the Juneau School District School Board. A sample ballot is enclosed in this pamphlet and information about the candidates can be found by visiting the City’s website: www.juneau.org

Proposition Election

In addition, there are two propositions for voter consideration. A sample ballot is enclosed in this pamphlet and information about each of the propositions is included in this pamphlet.

**Proposition 1** asks voters to extend the temporary 1% sales tax for an additional 5 years (until September 30, 2023). This sales tax is currently part of the total sales tax of 5%. Voters have approved a temporary 1% sales tax for specific projects and infrastructure needs on a regular basis since 1972.

**Proposition 2** would amend the City and Borough Charter to allow the Assembly to adopt by ordinance alternative procurement methods.

A vote on each of the propositions is requested.

General Sales Tax Primer

The CBJ sales tax on general retail sales and services currently totals 5%. This 5% tax is made up of three separate taxes:

- 1% permanent sales tax
- 3% temporary sales tax (expiring July 1, 2022)
- 1% temporary sales tax for special projects (expiring September 30, 2018)

The 1% permanent sales tax and 3% temporary sales tax amounts combine to fund basic municipal services such as police, fire, streets maintenance, capital improvements to roads and sidewalks, libraries, parks and recreation, youth activities, and general operations.

In October of 2012, voters approved the current 1% temporary sales tax to fund special projects related to capital improvements. The ballot proposal to extend this temporary 1% sales tax for an additional 5 years identifies a variety of capital improvement projects primarily associated with deferred maintenance and other infrastructure needs. See the explanation of Proposition 1 for more information about specific projects.
If approved, how much revenue will the temporary 1% sales tax raise?

It is currently estimated that a 1% sales tax would raise $43.3 million of sales tax over 5 years. There is an additional $3.7 million of funding remaining from the current 1% sales tax project list which puts the total revenue available at $47 million.

How long has the City and Borough of Juneau had a temporary 1% sales tax?

CBJ citizens have been regularly approving a temporary 1% sales tax for special projects and operating needs since 1972.

What projects would be funded by Proposition 1's 1% sales tax extension and how were they selected?

It is the intent of the Assembly to use the 1% sales tax revenues to fund capital improvement projects and other deferred maintenance items. At the beginning of the 1% budgeting process, CBJ management identified internal CBJ government needs and received proposals from local nonprofit organizations. Through a careful ranking process, Assembly members evaluated 26 projects. Ultimately, the Assembly approved a list of 13 projects which are outlined below. Actual funding will be allocated yearly during the CBJ budgeting process.

Wastewater Infrastructure Maintenance: $13.5 million

$13.5 million will partially fund the rehabilitation of utility infrastructure for CBJ’s wastewater systems. The extensive piping, pumping, and treatment systems throughout the CBJ are, in places, reaching the end of their useful life and need to be replaced or upgraded. CBJ’s focus is to continue providing the existing uninterrupted service to the citizens and visitors of Juneau.

Water Infrastructure Maintenance: $2 million

$2 million will partially fund the rehabilitation of utility infrastructure for CBJ’s drinking water systems. The extensive piping and pumping systems are, in some areas, reaching the end of their useful life and need to be replaced or upgraded. CBJ’s focus is to continue providing the existing safe and reliable service to the citizens and visitors of Juneau.
CBJ Owned Building Maintenance: $3.5 million

CBJ has a large number of buildings to maintain, including City Hall, parking garages, fire and police stations, swimming pools, park restrooms and other facilities. These public facilities need to have routine maintenance in order to keep them functional and acceptable to the public. This includes, but is not limited to, roofing repairs, heating and ventilation upgrades, electrical upgrades, new windows and doors, exterior and interior painting, carpeting, and other building maintenance improvements. $3.5 million would be allocated for general building maintenance projects.

Airport Matching Funds for Federally Funded Projects: $3 million

These projects – totaling about $40 million – would be primarily funded by the Federal Aviation Administration for federal fiscal year 2017 through 2022. $3 million of sales tax revenue represents CBJ’s local match requirement. Various projects on the Airport Capital Improvement Program include snow removal equipment acquisition, sand/chemical building design/construction, terminal reconstruction (phase), taxiway rehabilitation and realignment of intersections, emergency vehicle access road continuation, wetland access vehicle for emergency response, main commercial apron design/reconstruction and runway safety area north side grading.

Augustus Brown Pool Deferred Maintenance: $5 million

$5 million will fund repairs to various structural, plumbing, mechanical and operational components at the Augustus Brown Pool, allowing continued long-term use of the facility. Portions of the roof need to be repaired, as well as the mechanical, heating and ventilation, electrical and plumbing systems and asbestos abated. Insulation will be added to the exterior walls for added energy efficiencies, along with replacement of single pane windows, and other needed repairs.

Centennial Hall Upgrade/Deferred Maintenance: $4.5 million

After 35 years of continuous use, Centennial Hall is in need of upgrades and improvements. The purpose of this $4.5 million project is to upgrade failing and inadequate infrastructure, to replace systems and fixtures that have reached their end of life, as well as to modernize systems to be compatible with modern technology. Projects include repairing/replacing the HVAC system, lighting and sound, and electrical and plumbing upgrades.

School District Building Maintenance: $5 million

CBJ owns its school buildings, valued at over $300 million in replacement value. These buildings require regular maintenance of building components to keep them safe and functional for Juneau’s students and teachers. $5 million of sales tax revenue would be used to match State grant/bond funds or to address immediate facility needs.
Bartlett Regional Hospital –
Rainforest Recovery Center Upgrades: $2.5 million

$2.5 million would be used to develop a detox bay to allow for on-site detoxification of patients and create an addiction assessment center at the Rainforest Recovery Center. The detox bay would reduce the volume of patients at the medical and mental health unit departments, and reduce wait times in the emergency department. The addiction assessment center would serve as a single point of entry to provide assessment, placement and outpatient treatment of patients with substance use disorders.

Information Technology – Infrastructure Upgrades: $2 million

$2 million of sales tax revenue would fund upgrades to CBJ’s IT systems, allowing for operational efficiencies, enhanced management reporting and more effective customer service. Projects include upgrading dispatch for Juneau Police Department and Capital City Fire/Rescue, enhancements to electronic payments and implementation of security cameras.

RecycleWorks Waste Diversion Program: $2 million

The RecycleWorks program prolongs the life of the landfill by diverting waste to beneficial reuse and safe disposal. The program has seen increases in contractual costs and a decrease in revenue from recycling material sales. By partially funding operational costs of recycling, household hazardous waste, and junk vehicle collection programs, $2 million of sales tax revenue would help to maintain services to the community and reduce a future increase to user rates.

Affordable Housing Fund: $2 million

The Affordable Housing Fund provides funding for housing activities that target families and individuals who earn 120% of the Area Median Income and below. The fund can be used by local housing developers, non-profit agencies and social service agencies for the creation, acquisition, rehabilitation or preservation of affordable housing. Examples of the types of projects that could utilize the fund include phase two of Housing First, development of a rapid re-housing program, winter or emergency shelter programs, senior housing and housing targeted for low-income and homeless populations.

Park Deferred Maintenance: $0.5 million

$0.5 million would fund general repair or replacement of failing or inadequate infrastructure in CBJ’s many parks. The projects address safety issues, improve ADA compliance and repair infrastructure that has reached end of life.
Aurora Harbor Reconstruction: $1.5 million

Aurora Harbor, which was constructed from 1962 to 1964, is in extremely poor condition and has exceeded its useful life. The rebuild project has been ongoing in phases. Phase I was completed in 2015 for $9 million and Phase II has been awarded for $3.5 million with construction scheduled to be complete by April 2018. The unfunded requirement to fully recapitalize the remaining rebuild of Aurora Harbor (in kind) is $7 million. Docks & Harbors is evaluating future funding options, including revenue bonds and/or fee increases, to supplement the $1.5 million in sales tax revenue.

If Proposition 1 is approved, how would it affect the sales tax that I pay?

CBJ’s overall sales tax rate is 5%, and it would remain so if Proposition 1 is approved. CBJ’s current sales tax consists of the following:

◊ 1% temporary tax (expiring September 30, 2018),
◊ 3% temporary tax (expiring July 1, 2022), and
◊ 1% permanent tax.

Proposition 1 asks voters if they wish to extend the temporary 1% sales tax until September 30, 2023. If voters approve the proposition, the overall sales tax rate would remain at 5%.

What would happen if voters fail to approve Proposition 1?

If voters do not approve the proposition, the sales tax rate would be reduced to 4% on October 1, 2018. Sales tax revenues would be expected to decrease by approximately $8.6 million annually. Available funding for deferred maintenance and other special projects will be limited. Many of the proposed projects qualify as critical infrastructure needs. In order to maintain critical services, the Assembly would either decrease spending (by cutting public services and other capital projects), increase revenues (by increasing property taxes and user fees), or both.

Why have a sales tax?

Government services are funded through a variety of taxes and user fees. In Juneau, sales and property tax revenues pay for the majority (about 26% and 46%, respectively) of general city government services. In addition, sales tax revenues account for nearly all of the funds spent on general government capital projects such as street/sidewalk paving/repairing and CBJ-owned facilities.

A sales tax helps spread the cost of municipal services to all users, rather than targeting property owners only. With a sales tax, visitors and temporary residents help pay for services they use while they are in Juneau. State and federal funding for local government services has declined significantly over the years. In response to these state and federal revenue declines, local sales tax revenues have contributed greatly in helping to fund consistent service levels and hold down the property tax mill levy.
## General Description

**Proposition 1:** Authorization to Extend the Temporary 1% Areawide Sales Tax Effective October 1, 2018, for a Period of Five Years.

Juneau currently has a permanent 1% sales tax, a temporary 1% sales tax, and a temporary 3% sales tax. The existing temporary 1% sales tax is automatically repealed on September 30, 2018. The existing temporary 3% sales tax is automatically repealed on July 1, 2022. The total of all CBJ sales taxes currently levied is 5%.

This ballot proposition would continue the current 1% temporary sales tax rate for an additional five years, until September 30, 2023. Accordingly, if this proposition is approved, the total sales tax rate would remain at 5%.

It is the intent of the Assembly that taxes collected under this proposed extension of the temporary 1% areawide sales tax be appropriated by the Assembly for the following purposes:

- Wastewater: infrastructure maintenance and improvements
- CBJ-owned building maintenance
- Water: infrastructure maintenance and improvements
- Airport: matching funds for federally funded projects
- Augustus Brown Pool deferred maintenance
- Centennial Hall upgrades and deferred maintenance
- Schools: major building maintenance
- Bartlett Regional Hospital: Rainforest Recovery Center upgrades
- Information Technology: infrastructure upgrades
- RecycleWorks: Waste diversion program
- Affordable Housing Fund
- Park deferred maintenance
- Aurora Harbor reconstruction

### Proposition 1

Shall the City and Borough of Juneau, Alaska, continue to levy and collect a temporary 1% areawide sales tax on the sale price of retail sales, services, and commercial rentals within the City and Borough for an additional five years, effective October 1, 2018, until September 30, 2023? If this proposition is approved, the total sales tax would remain at five percent.

- Extend the 1% sales tax for five years, **YES**
- Extend the 1% sales tax for five years, **NO**
Proposition 2: Charter Amendment

The CBJ Charter is written as follows:

(a) The assembly by ordinance shall provide for competitive bidding and procedures for competitive bidding.

(b) Contracts for public improvements and, whenever practicable, other purchases of supplies, materials, equipment, and services, shall be by competitive bid and awarded to the lowest qualified bidder. This subsection (b) shall not apply to purchases of:

1. Professional services,
2. Services of officers and employees of the municipality acting within the scope of their office or employment,
3. Services of officers and employees of the State of Alaska or the federal government if such services are provided pursuant to a written agreement with the employer,
4. Services of students and members of the faculty of an accredited high school, college, or university if such services are provided pursuant to a written agreement with the school, or
5. Services of members and employees of a nonprofit corporation registered as such with the State of Alaska, if:
   (A) The services are provided pursuant to a written agreement with the corporation, and
   (B) The total amount paid by the municipality divided by the number of hours of service provided by the members and employees of the corporation does not exceed double the minimum hourly wage established by the Alaska Wage and Hour Act.
6. Public improvements which, upon a written finding by the Manager that it would be in the best interests of the City and Borough based on cost, timing, and other relevant criteria, may be procured by supplemental agreements amending existing capital improvement contracts. The maximum dollar amount, the criteria utilized, and the methodology shall be set by ordinance.

(c) All contracts and purchases exceeding an amount to be established by ordinance shall require prior assembly approval.

Proposition 2

Shall Section 9.14 section (b), item (6) of the Charter of the City and Borough of Juneau, Alaska, be amended as set forth in Ordinance No. 2017-14, to add the following underlined words?

(6) Public improvements which, upon a written finding by the Manager that it would be in the best interests of the City and Borough based on cost, timing, and other relevant criteria, may be procured by supplemental agreements amending existing capital improvement contracts, competitive sealed proposals, or by other alternative procurement methods adopted by the assembly by ordinance. The maximum dollar amount, the criteria utilized, and the methodology shall be set by ordinance.

Against The Amendment ☐
Proposition 2
Charter Amendment – Alternative Procurement Methods

What does the Charter Amendment do?

Proposition 2 amends Section 9.14(b)(6) of the City and Borough of Juneau Charter to allow the Assembly to adopt ordinances that would provide for alternative procurement methods (APM). APM is intended to provide CBJ another procurement tool and project delivery method where project complexity and cost restraints necessitate a selection process that balances qualifications, experience, and lowest price.

How does procurement work now?

Currently, Charter Section 9.14(b) requires contracts for public improvements to be awarded by competitive bid to the lowest qualified bidder. For capital construction projects over $50,000 in value, sealed bid and award of the work is always to the lowest responsible, responsive bidder.

What is the practical impact of the amendment?

The Charter amendment makes alternatives procurement methods possible, allowing the CBJ’s procurement methods to be current with modern government procurement practices. Any actual alternative procurement methodology would be created through ordinance. All changes to CBJ Code require public notice and an opportunity for public review and comment. Alternative procurement methods would not entirely replace the current standard practice for project delivery. Alternative procurement methods are best suited for more complex projects or where cost restraints suggest CBJ would be better served with an alternative to the uncertainty of low bid project award.
What are examples of alternative procurement methods?

Design-build is an integrated approach that delivers design and construction services under one contract with a single point of responsibility. Contracting officials select design-build to achieve best value while meeting schedule, cost and quality goals.

The Best Value approach allows contracting officials to closely examine, evaluate and rate contractors on their respective qualifications and performance capabilities and choose the best qualified contractor who offers the best price. The agency still has the right to choose the low bid – but price isn’t the only consideration. As an example, a contractor whose price is 1% higher than the low bidder may still be a better fit for the project if the contractor’s track record and qualifications with the type of project are significantly better.

Construction Manager/General Contractor (CM/GC) This delivery method involves a commitment by the CM/GC for construction performance to deliver the project within a defined schedule and price, either a fixed lump sum or a guaranteed maximum price. CM/GC provides contractor input to the owner during the design phases and may become the general contractor during the construction phase.

How does the new language compare to the procurement rules of other government entities?

The State of Alaska and the Municipality of Anchorage have similar rules related to alternative procurements.

What would happen if voters fail to approve the Charter Amendment?

If voters do not approve the Charter Amendment the current procurement rules will remain in place.

Position Statement:

I have been honored to serve on the Juneau Assembly for one term and I look forward to continuing my work on behalf of the entire community. If re-elected, I pledge to use my proven problem-solving and consensus-building skills to serve everyone who lives in our town.

Since coming to the Assembly three years ago, and during my time serving on the Planning Commission, I have worked hard to foster a collaborative decision-making environment. If we hear and respect everyone’s voice, we get better government and more enduring solutions. I work for all of Juneau, not just those who agree with me, or voted for me. I believe that when we listen to each another and work together, we improve our quality of life and build a stronger community. This belief has guided my service on the Assembly, and will continue to do so if you elect me to serve another term.

Our community faces challenges in the coming years—loss of state and federal jobs, possible state tax changes, decreasing state funding, a continually-tight housing market that inhibits economic growth, affordability issues—but I’m confident that working together we will be sure Juneau continues to be a great place to live, work, play, raise a family, and retire.

I’ve spent my entire career getting things done in a non-partisan, practical way. That’s the type of person Juneau needs to have on the Assembly, and that’s why I’m again asking for your vote.

Served the State of Alaska on the Worker’s Compensation Board and as a business liaison to Russia. Love fishing, golfing and Denver Bronco football.

Position Statement:

As a responsible member of this great community I am concerned about our way of life. Juneau is a friendly community but we risk alienating each other. Our neighborhoods are under siege from petty larceny, our emergency services are being overwhelmed and we do not feel safe in our homes. We must strive to communicate better and work to demonstrate friendship to each other. As your Assembly member, I will be committed to supporting our police and firefighters, protecting our neighborhoods and making Juneau safe for our kids. I will put my skills at budgeting to use to bring common sense to our city finances, my dedication to Juneau to work for our citizens and my business knowledge to enhancing commerce for all of Juneau. Treating all citizens and visitors with respect, remembering who I answer to as a public official.

Most recently, I worked with Dorsey Productions from Denver, Colorado, providing maritime support for the film crew, filming a historical documentary on the Taku people, the historic Fish Camp of Taku Harbor, and Fort Durham, a trading post established by Hudson’s Bay Company.

**Position Statement:**

Serving the City of Juneau as an Assembly member is primarily a position to provide an informed voice both for and to the residents of Juneau, primarily District 1. As a graduate of the University of Alaska Fairbanks, small business owner, and thirty year resident of Juneau, I have seen many changes in the city, which impact the local economy, residents, and small business owners.

Municipal issues that are impacting Juneau are diverse: substance abuse, homelessness, an aging population, and local employment opportunities. I will work with residents and city officials to provide solutions to these issues.

I served on the AWARE (Aiding Women from Abuse and Rape Emergencies) Board of Directors in 1987 and the City of Juneau Docks and Harbor Board in 1985. I currently sit on the DINA (Douglas Island Neighborhood Association) Board of Directors, I understand the concerns of the residents and business owners. As a business owner and captain of a local charter company, I listen to client perspective of Juneau: harbor management, the law suit with the cruise lines, crime, and the complexities of the changing financial climate for Juneau’s future rank as the most common...

I feel a change is needed to facilitate financial solvency, reduction in crime, and reliance on one major industry to drive our economic engine. We need to generate sustainable jobs for local citizens and focus on maintenance of our current infrastructure, before we expand or create new public projects we should pay our debts.

Special Interests:
Cooking, Hiking, Theater, Hunting, Target Shooting & Reloading.

Position Statement:
Juneau has a bright future. During my time on the Assembly, we’ve made progress on housing, infrastructure, and building the kind of community where people want to live, raise a family, start a business, and retire. There’s more to do, and I’m running to help make Juneau even better. It really is an honor to get to work for Juneau.

We’ve taken strong steps to improve public safety, including getting JPD a drug-sniffing dog, adding prosecutors, and passing laws to make it easier to arrest thieves. We’re also working on the root causes of crime, with more opioid treatment at Bartlett, and revamping Rainforest Recovery Center to get more people into recovery.

I’m proud of my votes to fund our schools to the legal cap—and beyond—in each year’s budget. I’m also proud of our partnerships with UAS. Education is critical to Juneau’s prosperous future.

Our focus on housing development in recent years is bearing fruit. I’ll keep my eye on that goal. That includes supporting an assisted living facility for our senior citizens. I’ll also keep pushing for a sustainable budget, tackling our major maintenance backlog, and for improvements to the airport Alaskans use to access our capital city.

It would be a great honor to keep working for Juneau. I ask for your vote as together we build a community that meets the needs of senior citizens and children alike—a capital city all Alaskans can be proud of.

Please remember to vote on October 3!

Special Interests: Gardening, wood turning, hiking, fishing.

Biographical Information:

I was the youngest child of Dave and Velma Dawson. I attended private school in Spokane until moving to Juneau in 1974. My parents instilled in me that we all have a responsibility to do our part to make the world a better place. When my sons were young, I volunteered to help with their sports and activities.

The biological father of my children passed away when they were babies. My husband and his family have been the best support system a person could ask for. Chris and I married in 1999, the same year I started working in real estate. He continues to be supportive of my desire to give back to the community that has given so much to me.

Position Statement:

I’ve lived here most my life and cannot imagine living anywhere else. I want our children to have more opportunities than we did. My 3 years on the Assembly have brought a private sector and land use perspective to the public discussion about Juneau’s future. I have been a voice for responsible development because I believe we can balance recreational uses and environmental concerns with housing and commerce, including commercial and industrial properties. To keep our economy stable and growing slightly we need an expanded tax base to help us balance the CBJ budget.

Affordable housing and responsible land use are ways to encourage economic opportunities that will keep our youth, and our seniors in Juneau AND keep a strong middle class working in our community. We have made progress dealing with deferred maintenance of our public facilities. Efforts to make our downtown area safer need to continue and I’d like to help keep the momentum going.

For the past 3 years I have focused my attention on the primary functions of our local government: public works, public safety and education. Because of increased costs and declining revenue, difficult decisions have been made and more difficult ones await us. I understand how our decisions affect our economy, our community, and quality of life. We need to face these challenges head on and I am eager to continue to work to solve our problems.

Thank you for your consideration and this opportunity to give back to my community.

Age: 19
Occupation: University of Alaska Southeast Student Government President

Length of Residency in Juneau: 18 years
Education: First Year College Student
Service Organization Memberships: Alaska Native Sisterhood Camp 70
Biographical Information:

I am former student and recent graduate of Thunder Mountain High School. Born in Anchorage but raised in Juneau. I have done several Young Company and STAR plays, and was an active member of Model United Nations, Student Government, and Debate. In the past years I have advocated for Education Funding to the Alaska Legislature as well as spoken to the Governor about the Alaskan Marine Highway’s importance to the schools and communities of Southeast. I also worked with First Alaskans institute as an intern and worked with Alaska Native Sisterhood Camp 70 understanding current issues in front of Alaskan Natives. I am enrolled at University of Alaska Southeast and sit as the President of the UAS student council.

Position Statement:

1. Implement, Expand, and Optimize Native curriculum and programs.

After learning more about the community I feel connected to, I believe that there are certain areas of education that could use improvement about the Native Alaskan culture. Outreach and Partnership would also benefit this education field.

2. Alternative approach to the budget, and seek strategies to external funding.

I have seen that the board has a black and white view on cutting programs. I see an alternative route we can take to reducing our budgetary deficits. Asking the services, programs, etc. what they can take out slightly and start building up to a flat cut balance to these programs. Additionally, grants would also help us in this time of temporary state recession, and I believe it would behoove the board to seek possible additional funding to not only hold us up but lead to creation of room for programs for the students to attract them and their parents.

3. Math curriculum review and seeking a different system of it.

I have went through PreK-12 in the Juneau School District, and after my time at the college, I have found myself in the position of doubting how I was taught math which leads me to the idea that review of what math teachings we have would be beneficial. Taking a page from the ALEKS program that is growing over at University of Alaska Southeast and statewide could be a first step.

Biographical Information:

Our family chooses to live in Juneau. I came to Juneau in 1978 with Coast Guard/Dance Teacher parents and my three siblings. I attended Marie Drake and JDHS. I studied at the University of Notre Dame and then served for three years in the US Peace Corps in South America. Later, I opened a small business in Asuncion, Paraguay, and married. We then embarked on a 15+ year adventure working in developing countries including El Salvador (and most of Central America), Russia, and former Yugoslavia (now Serbia), managing community and economic development programs. We had four children and chose to return to Juneau in 2008. Since 2008, I serve as the Director of the Juneau Economic Development Council. Our family engages in many community activities. I am active in local and state civic happenings and have keen interest in foreign affairs.

Position Statement:

The future of Juneau and Juneau’s youth, depends on having great schools committed to being better. High quality schools are the foundation for a vibrant economy.

My interest in education extends from early childhood to the University level. Juneau’s K-12 schools need to be part of a continuum that supports kids from the earliest years until they are career/life ready.

Capacity to Innovate: Our schools need to prepare students to solve real-world problems. Work place success requires students to collaborate, communicate, think critically and be creative. Let’s increase opportunities for hands-on learning through STEM and Arts integration.

Achievement Gap: We have experienced the highest graduation rates in our history, yet gaps in achievement exist for many, especially lower income families. Improving staff understanding of the role of trauma will help ALL students.
Early Learning: If kids fail to learn basic math and literacy skills by third grade, the odds of doing well after high school diminish dramatically. Let’s prioritize early investments in K-3 and be ready partners to improve kindergarten readiness.

Partners: Success of Juneau’s schools depends on excellent staff. Let’s continue to ensure good communication with district employees, students and families, CBJ Assembly, and community partners.

I worked hard in my first term, serving twice as President, helping secure three-year contracts with all bargaining units, connecting community priorities and partnerships, creating venues for communication with teachers, staff, students and administrators and keeping expectations high for students and staff.

Education is the great equalizer of opportunity.

Biographical Information:
I grew up in California and moved to Juneau in 1972 after finishing college to take a temporary job with the Auke Bay Lab. After brief stints with the Alaska DEC and graduate school in California, I returned to the Auke Bay Lab as a research chemist in 1983, retiring in 2008. I worked mainly on the effects of oil pollution on Alaska's marine resources. From 1989 onward, I worked almost exclusively on the effects of the Exxon Valdez oil spill.

Position Statement:
I believe that continued investment and support for our public schools is the single best investment we can make for the continuing prosperity of Juneau.

I believe that teachers are the heart and soul of our schools, and the primary mission of principals, school administrators, the district superintendent and the school board is to support teachers.

I support increasing the diversity of elective courses and access to them.

The views expressed in this statement are from the candidate and are not endorsed by the City and Borough of Juneau. The text of this statement was provided by the candidate in accordance with CBJ Code 29.07.055.
I support increasing efforts to ensure that any student can participate in sports or other activities regardless of their ability to pay, and restoring academic enrichment programs that once made Juneau a serious competitor in State and national competitions.

I support increasing efforts to help our students find their path forward by ensuring they have appropriate courses available, whether it's preparing them for college or embarking on careers with course offerings that align with the employment needs of Juneau's business community.

I strongly support the current Tlingit Culture, Language and Literacy program, and exploration of ways to expand this program to reach more students.

I support giving teachers a greater advisory role regarding school policies that affect the quality of instruction.

I support increasing teacher discretion regarding how they teach in their classrooms.

I support appropriate statistical analyses of standardized tests in addition to the other approaches now in use to assess teacher performance.

I support the use of in-school suspension to guide unruly students away from disruptive behavior, and to protect the rights of students generally to classrooms conducive to learning.
