RESALE CODES

Review the list below and select up to four categories that describe the types of items your business purchases in Juneau for resale. If you’ve had a resale card before, it’s easy to renew your card. Just check the line marked “Renewal” at the top of the form, give us your mailing address and other requested information and submit your application with the applicable fees. If the categories you had on your previous resale card adequately meet your resale needs for the coming year, simply circle “YES” on your application where it reads “Do you want the same codes?” You don’t need to fill in the codes again. However, you may select new categories if your business’s resale needs have changed. If you need changes, please make sure to list all the codes you need on your new card, not just changes. Also remember, you may select a maximum of four categories. Please note that the Sales Tax Office has added new categories and expanded others over the course of the year. If you need help in selecting the categories that adequately meet your needs, please contact the Sales Tax Office at (907) 586-5265.
