PND Project # 062065.01

Mr. Rich Jackson  
Regulatory Division  
Department of the Army  
U.S. Army Engineer District, Alaska  
PO Box 6898  
Elmendorf AFB, Alaska 99506-0898

Subject: POA-2000-495-M3  
Douglas Harbor Renovation – Project Description Modification

Dear Mr. Jackson:

The City and Borough of Juneau and authorized agent PND Engineers, Inc. submitted the Application for Department of the Army Permit and the Coastal Project Questionnaire and Certification Statement to the Army Corps of Engineers and the ADNDR Division of Coastal and Ocean Management in June of 2007. Since that time, there have been (2) modifications to the scope of the proposed project. These modifications consist of the deletion of the Douglas City Dock Demolition from consideration and a more accurate estimation of the volume of dredged material based on updated bathymetric data.

As such, please replace the responses in #18 - Nature of Activity in the Application for Department of the Army Permit and #1 - Project Description in the Coastal Project Questionnaire and Certification Statement with the following:

The Old Douglas Harbor Renovation project includes the following construction activities:

- Removal of approximately 18,000 SF of existing moorage floats and all associated finger floats, (55) creosote timber piles, boat launch ramp and boarding float, boat repair grid, and steel gangway.
- Addition of approximately 21,000 SF of treated timber moorage floats with (61) galvanized steel piles and a 7'x80' covered aluminum gangway.
- Addition of filter rock and riprap to stabilize banks and for uplands improvements.
- Addition of modern electrical and water services.
- Approximately 30,000 CY of dredging to allow for safe moorage.

Additionally, please delete the Douglas City Dock demolition from sheet 3 of 9 and modify the dredge material volume quantity given on sheet 5 of 9 in the corresponding permit description drawings.

Thank you for your consideration. Feel free to call me or Andrew Schicht P.E. with PND if you have any questions.

Sincerely,  
PND Engineers, Inc. | Juneau Office

Dick Somerville, P.E.  
Vice President

Cc: Carrie Bohan – Division of Coastal and Ocean Management
