Responses to Agency Requests for Additional  
Information and Additional Permit Submissions

Dear Ms. Firstencel:

Enclosed are CBJ Docks & Harbors Department's responses to the requests for additional information contained in the following letters:

- *DNR Consolidated Comments (Jan 7, 2010)* – Response Document Dated Feb 22, 2010
- *USFWS (Sep 9, 2009, Jan 6, 2009 & Feb 2, 2010) and NOAA (Feb 4, 2010)* – Combined Response Document Dated Feb 22, 2010
- *DNR Land Use Permit Application (email Dec 23, 2009)* – Please replace the original application dated February 2, 2007 with the attached DNR Land Use Permit Application dated February 24, 2010. The scope of the project has been modified in the (3) years since the original submission of the Land Use permit application to the point that we believe it will be easier to review a new permit application than it would be to modify individual entries. If this proves problematic, please advise and we will modify the 2007 Land Use application permit.

Additionally, we are submitting the following correspondence:

- Letter from Mayor Bruce Botelho (February 5, 2010)
- Letter from Captain Ed Page, USCG (Ret), Executive Director Marine Exchange of Alaska

We look forward to discussing the attached documents and the project as a whole at the agency meeting scheduled for March 5, 2010.

Sincerely,  
PND Engineers, Inc. | Juneau Office
