**Position Statement** *[limited to 250 words or less.]:*

After being away at college and building successful businesses, I'm thrilled to be back in Juneau—the beautiful city I've always called home. Juneau schools, teachers, coaches and the community as a whole have all shaped the man I am today: outdoorsman, entrepreneur, and family man. I'm excited to raise my family here and give back to the community that gave so much to me.

Those who know me best describe me as a passionate, hard-working "go-getter." An ounce of action is worth a ton of theory. I intend to bring this mindset to the Juneau Assembly as your elected representative.

My top priorities are jobs, housing, and child care. A healthy economy with livable wages, affordable housing for both young families and seniors, and accessible, affordable child care are all crucial aspects to making Juneau thrive.

Juneau's future is very bright, but that future won't make itself. We all have to do our part, and I'm ready to do mine. I will engage with you, I will listen to you, and I'll give 100% to this important job. I ask for your vote for Assembly District 2—I promise, I won't let you down.
